

ORION FANS

ORION. We'll make YOU a fan.

Sealed Sleeve Fan Series

*Performs like a ball-bearing fan
...at a much lower cost.*

96 - 105 CFM

OD1238
(120x38mm)

52 - 85 CFM

OD1225
(120x25mm)
OD9225
(92x25mm)

25 - 40 CFM

OD8025
(80x25mm)
OD6025
(60x25mm)

6.7 - 9 CFM

OD4020
(40x20mm)
OD4010
(40x10mm)

Features and Benefits

- Lower cost (30 - 50% less) than ball bearing fans
- Longer life expectancy than sleeve bearing fans (more than 50,000 hours)
- Temperature range from -10°C to +70°C
- Designed for volume requirements in high performance applications
- Unique patented sealed sleeve technology that retains lubricant by using metal foils that serve as a guard to recycle the lubricant
- Available in the most popular DC frame sizes from 40mm to 120mm
- RoHS compliant.
