

Application Wins | Opportunities

Picture	Switch	Customer/Product	Application / Market	Comments
	 <p>KO117A125 series Keylock switch</p>	<p>Temperature controlled packaging (incubators)</p>	<p>Bio-tech and life sciences / bio med</p>	<p>They have spec'd in our keylock KO117A125 switch. The purpose of the keylock is to prevent unauthorized opening of the container.</p>
	 <p>PV8 series anti-vandal pushbutton switch</p>	<p>GE Health Surgery, laser surgery equipment</p>	<p>Medical Equipment</p>	<p>This device will go into production in Q3 2012, so the picture is only representative.</p>
	 <p>LSS series slide switch</p>	<p>Federal Signal, vehicle transponder</p>	<p>Highway / automotive equipment</p>	<p>Mounted on car dash board to record entry/exit into highway toll roads; used as an on-off switch.</p>

		<p>Vehicle tracking and mobile data collection systems</p>	<p>Transportation equipment</p>	<p>The D16 is mounted on the roof top of public transport buses to provide data on fuel needs requirements. It serves as a visual alarm to notify service people of the need to re-fuel.</p>
		<p>On/off switch for white good appliance lights and fans.</p>	<p>White Goods appliances</p>	<p>The RRG series rocker switch is used to turn on/off different devices such as a light or a fan. This project includes custom graphics for each switch.</p>
		<p>Emergency location transmitter for civilian and military aircraft.</p>	<p>Avionics / military</p>	<p>The red actuator is a preferred feature for quick recognition of power on/off switch.</p>
		<p>Automatic Inflation Unit</p>	<p>Satellite communication equipment</p>	<p>This one is specifically for their inflatable one that is easy to transport into remote areas or emergency areas (areas just hit by tornado or flood). Our switches are used on the control panel for the inflation pump.</p>

	 <p>WB2 series power rocker switch</p>	<p>Air purification and filtration system</p>	<p>Commercial HVAC</p>	<p>Commercial air filtration system for large buildings and areas.</p>
	 <p>LP11 series pushbutton switch</p>	<p>Video/Audio control consoles</p>	<p>A/V industry</p>	<p>Custom laser etch caps, custom cap packaging to assist assembly operation – function control</p>
	 <p>Custom PP2 series push-pull switch</p>	<p>Slot Machines</p>	<p>Gaming industry</p>	<p>Modified PP2 series switch for door interlock – authorized entry only applications</p>
	 <p>TL1260/TL1265 series tact switch</p>	<p>Servers</p>	<p>Computer Server market</p>	<p>With custom laser etched logos, custom spec LED, on-off status</p>
	 <p>D16 series pushbutton switch</p>	<p>Radio Satellite Integrators</p>	<p>Telecommunications</p>	<p>GPS tracking device for public transportation such as school bus – on/off switch</p>

	 <p>PV6 series pushbutton switch</p>	<p>Satellite radio</p>	<p>Aviation market</p>	<p>On/off switch for satellite radio, floor lighting, entertainment, weather</p>
	 <p>RRG3 series rocker switch</p>	<p>Anti-aging light</p>	<p>Beauty skin care market</p>	<p>FDA-approved LED light based skin therapy – handheld device with 88 LEDs – on/off switch</p>
	 <p>KO113 series keylock switch</p>	<p>Flight simulation controls</p>	<p>Aviation industry</p>	<p>On-Off switch for flight simulation controls – access, on/off</p>
	 <p>PV3 series pushbutton switch</p>	<p>Water heater system</p>	<p>Home appliance market</p>	<p>Visual on-off switch for the water heater application</p>
	 <p>PV series pushbutton switch</p>	<p>Walk-in vans and specialty vehicles</p>	<p>Custom automotive equipment market</p>	<p>Being considered for various lift control applications</p>

	 <p>LSU series slide switches</p>	Vacuum cleaner	Home appliance market	On-off power switch and on-on for engaging power brush
	 <p>PV6 series pushbutton switch</p>	Respirator	Emergency protective gear	On-Off power switch for respirator
	 <p>HY106 series trigger switch</p>	Paint sprayer	Handheld power tools	Electric and battery powered professional grade sprayers, including latest products which are solvent resistant and arc contained for additional safety.
	 <p>12-440458 series power rotary switch</p>	Food warmer	Industrial kitchen equipment	Temperature control selector switch
	 <p>12-640499 series rotary switch</p>	Barrel heaters	Industrial	Barrel heaters to remove H2O from chemicals; temperature control selector switch

	 <p>PV6 series pushbutton switch</p>	<p>Printer</p>	<p>Office Equipment</p>	<p>On-Off power switch for printer</p>
	 <p>WB2 series pushbutton switch</p>	<p>Commercial washer and dryer</p>	<p>Commercial appliances</p>	<p>Power switch for washer and dryer</p>
	 <p>PV6 series pushbutton switch</p>	<p>Portable medical diagnostics</p>	<p>Medical device industry</p>	<p>Green/Blue momentary on dual color for battery life when not plugged in and different color when actuated</p>
	 <p>RB1 series power rocker switch</p>	<p>Chest freezer</p>	<p>Home appliance market</p>	<p>On-off recessed in back panel, can view from side while moving freezer up close to wall</p>

	 <p>PV3 series pushbutton switch</p>	<p>Neuro diagnostic equipment</p>	<p>Medical device industry</p>	<p>Medical equipment to help define brand and neuro damage as well as engaging specific brain zones for rehab.</p>
	 <p>KC1901 series rotary switch</p>	<p>Commercial grade lighting products</p>	<p>Lighting industry</p>	<p>Selector type switch for setting various LED color saturations to achieve light (cool → neutral → warm)</p>
	 <p>R5 series rocker switch</p>	<p>Baker Burners</p>	<p>Restaurant equipment industry</p>	<p>Oven Automation Controls</p>
	 <p>RB2 and RR1 series switches</p>	<p>Medical video systems</p>	<p>Medical equipment industry</p>	<p>For arthroscopy, laparoscopy and endoscopy surgeries</p>

	 <p>TL1220 series Tact switch</p>	<p>Audio Broadcast Equipment</p>	<p>Audio/visual industry</p>	<p>Illuminated switches for control panel in an audio/video broadcast machine</p>
	 <p>TL3313 series Tact switch</p>	<p>Unattended payment systems / kiosks</p>	<p>Vending, gaming, transportation</p>	<p>Multiple TL3313 series switches on interior control panel used by service technician.</p>
	 <p>PP1/PP2 series</p>	<p>Electronics security boxes / safes</p>	<p>Security industry</p>	<p>Switches used to detect open/close function</p>
	 <p>PV5 series anti-vandal switch</p>	<p>Industrial joystick and foot pedals</p>	<p>Industrial Controls industry</p>	<p>Electrohydraulic controllers and control systems.</p>
	 <p>ULP series pushbutton switch</p>	<p>Ventilators and Oxygen Blenders</p>	<p>Medical device industry</p>	<p>Control switches for medical devices and ventilator systems.</p>
