

Introducing the *WIT-40LAR*

Releasable Cable Ties

Features and Benefits

- Eliminates multiple parts by incorporating a cable tie and holder into one part
- Easily pressed and locked into a pre-drilled hole
- Easily removed from panel by pinching the "wings"
- Cable tie is releasable and reusable allowing the tie to be released and reinserted for multiple uses
- Retaining tab secures unused strap eliminating the need to cut off the extra strap
