Heilind Electronics Recognized by Tyco Electronics as Americas Distributor of the Year

WILMINGTON, Mass., May 10 /PRNewswire/ -- Tyco Electronics (TE), global provider of engineered electronic components, has named Heilind Electronics, Inc., the largest interconnect distributor in North America, its 2009 Distributor of the Year for the Americas. The annual award recognizes the Tyco Electronics distributor that has had the greatest impact on Tyco's business in the region.

"We are honored to have been selected as Tyco Electronics' Distributor of the Year for the Americas and I'm personally very proud of the team effort put forth by the entire Heilind Electronics organization to achieve this important recognition," said Bob Clark, President, Heilind Electronics.

Heilind Electronics' extensive Tyco Electronics inventory includes: connectors, relays, switches, circuit breakers, wire & cable terminal blocks and heat shrink tubing. In addition to offering the world's broadest and deepest connector inventory, Heilind offers a powerful and flexible portfolio of supply chain and logistics management tools & services, while delivering unsurpassed customer service.

About Heilind Electronics

Heilind Electronics, Inc. (www.heilind.com) is a leading distributor of connectors, relays, switches, thermal management & protection products, terminal blocks, wire & cable, wiring accessories and insulation & identification products. Heilind serves OEMs and contract manufacturers in the medical, industrial controls & equipment, non-automotive transportation, aerospace and telecommunications markets with 25 North American sales offices, two automated distribution centers and a highly versatile added center. In addition to the world's largest interconnect inventory, Heilind offers customers a complete portfolio of interconnect, logistics and supply chain management services including automated inventory management & auto-replenishment system, line materials management tools and a full menu of electronic file sharing options.
